About me

As a self-taught React developer, I embarked on my coding journey in summer 2022 with a passion for creating innovative and user-friendly web applications. Through dedicated self-study and hands-on projects, I have honed my skills in React, demonstrating a commitment to staying abreast of the latest developments in front-end development. With a keen eye for detail and a problem-solving mindset, I am eager to contribute my expertise to dynamic projects and continue evolving as a developer.

Experience

Professional Development

Independent Learning   Oct 2023 – Present

Actively acquiring skills in front-end development through self-directed learning. Engaging with online courses, tutorials, and coding exercises to strengthen proficiency. Building practical projects to apply theoretical knowledge and showcase expertise. Dedicated to staying updated on industry trends and emerging technologies.

Infantry soldier

Lithuanian armed forces   Oct 2018 – Oct 2023 | 5 Years

As an infantry soldier, I served in a dynamic and challenging environment that demanded adaptability, discipline, and strong leadership skills.
This experience has equipped me with a strong work ethic.

Extruder Tuner

Intersurgical   Jul 2016 – Jul 2018 | 2 Years

Work in a team and individually, extruder start-up, coding, maintenance, and production testing
